Remarks / Bemerkungen

- 1. inspection by Josef Slavik (26st July 2023)
- 2. the remarks of the inspection-report must be observed and fulfilled for the validity of certification.
- 3. for fulfilling the (FIS/ICR) standards of jumpinghills, the owner is responsible during training and competition
- 4. in front of the take off table during training and competition:
- 4.1 the steel- and concrete constructions must be covered with soft damp mats
- 4.2 the area "B" must be covered with soft damp mats
- 4.3 at the right side of the landing hill must be installed a temporary guardrail from the "knoll" until Point "P". (The temporary guardrail can be realized with soft damp mats. The construction must be fixed without gaps from mat to mat and and at the ground, the min. hight in accordance to FIS ICR)
- For a permanent certification, a permanent guardrail soloution between both landing hills must be realized in a dialogue with the FIS sub committee for ski jumping hills.
